### Hiram Warrick, Dead.

On Tuesday morning Hiram Warrick, the old time colored barber of Logan was found dead in bed in the rear of his Uncle George Warrick's barber shop. A Coroner's inquest held by Squire Murphy disclosed the cause of death to be congestion of the lungs; an acute asthmatic condition. He had suffered many months with an awful cough, but kept up all the time, by his wonderful constitution and high stimulants. He was probably 55 years old and a good humored colored fellow that did nobody harm. The funeral occurred from the M. E. Church, a colored preacher from Nelsonville, preaching the sermon. The deceased was a member of the Colored Masons and Journeymen Barbers, whom had charge of the funeral. Poor old Hiram. His good, broad laugh and African wit is stilled. Peace to his ashes.

Mrs. Ashler Allen and family, of Haydenville, were visitors Sunday with Mr. and Mrs. Julius Weiss.

## 'STICK-TOO-IT-IVE-NESS.'

Has Been the Great Secret of Success of the S. Seidenfeld Est., Murray City.

A crafty angler, boy or man, will hunt out the good "fishing holes" and always drop his hook in them. S. Seidenfeld came to Murray City some years ago and engaged in the general store business by hard and earnest toil and with a determination to "stay with it" he succeeded. He always endeavored to work to his customer's interest as well as his own and he found out that after awhile he was not angling in shallow water, nor using the wrong bait and the result is that the business founded by him has and is still growing.

The Stores of the S. Seidenfeld Est., located on the corner of Central and Main Streets are now undergoing a wonderful change. Artist Moore has been engaged for the past thirty days decorating the entire interior of the Stores. The Shelving, counters and tables have all received their portion of adornment. The outside of the building is being repainted and when the whole is completed it will be one of the most attractive parts in the Hocking Valley.

Chas. Seidenfeld, son of the late S. Seidenfeld as general manager, will leave for Cleveland and the East on September 3, where he will devote two weeks in visiting the best markets for their goods and to buying for the fall and winter business. Mr. Seidenfeld advised the writer that they had placed orders for the Famous Kuppenheimer Clothing and same is arriving. The popularity of these goods are unquestionable.

The firm has made itself immensely popular by handling the Hamilton-Brown Shoes, of St. Louis and as Mr. Seidenfeld says it always pays to carry the best and then you are never ashamed to present them to a customer. The firm has always strived to retain the confidence of their immense patronage which is the key to the success of the enterprise.

## PALMA'S ORDER TO INSURGENTS

He Gives Them an Opportunity to  
Repent of Error.

### MAY GO BACK TO FAMILIES

The Amnesty Proclamation Does Not Please All Cubans—it is Criticized as an Evidence of Weakness and Desire For Peace at Any Price. Insurrection Shaky.

Havana, Aug. 28.—General Montalvo, acting secretary of the interior, has issued an order, under the direction of President Palma, instructing the government officials in the provinces of Pinar Del Rio, Havana, Matanzas and Santa Clara to allow all insurgents who repent of their errors to go free to their homes excepting insurgents who are prisoners in the hands of the government forces and captured commanders of insurgent bands, who will be detained by the government until it is determined whether they are to be allowed their freedom or are to be tried by the courts. All chiefs of insurgent bands who surrender themselves to the government forces or who surrender with their followers and their arms will also be allowed to return to their families.

The foreign element, including many Americans, criticizes the offer of amnesty as a weak and disappointing action, showing a desire for peace at any price and a willingness to sacrifice the possibility of future security to a present expediency.

Alfred Zayas, head of the Liberal party, says there is no truth in the report that Vice President Mendez Capote consulted with him on the question whether peace could be restored by President Palma's withdrawal from the presidency and permitting Mendez Capote to succeed him, and by giving certain posts to the Liberals, which consultation was said to have caused grave difference between the president and vice president. Zayas says the insurgents probably would not consider such a settlement under any circumstances.

That the insurrection is in a shaky condition seems to be a fact, although the end may not be as near as members of the government profess to believe. Ex-Congressman Faustino (Pino) Guerra, the insurgent leader operating in the province of Pinar Del Rio, in a signed statement declares that he is as determined as ever that the last presidential election

shall be annulled before there can be peace in Cuba. That Guerra's force of 2,000 men is well armed and supplied with ammunition and food is verified. Its greatest drawback is the lack of money, but the people of the western part of Pinar Del Rio are furnishing all supplies needed, taking in return therefor orders on the "Cuban government," and in many cases refusing to accept any consideration.

Senator Dolz, a leader of the Moderate party, at the conclusion of a conference with President Palma stated that practically all the insurgent leaders of consequence, except Pino Guerra, signified their willingness to disband their men if all were positively guaranteed immunity for their insurrectionary acts. On account of information of the insurgents' willingness to quit the field there will be no further callistments.

Colonel Valle of rural guards wired an insurgent force under General Guzman near Cienfuegos, killing 17 insurgents. The loss to the rural guards was one man and four horses.

Rural guards arrested several prominent Liberals, including two editors of Manzanillo, province of Santiago, who are charged with conspiracy. It is said they were about to organize an insurgent band in the province of Santiago.

Standard Oil Indictments. Chicago, Aug. 28.—The two grand juries which investigated relations between the Standard Oil company and railroads reported 10 indictments. Each of the 6 counts in the 10 indictments covers an alleged offense, and is based on a tank car shipment of petroleum products from the refineries at Whiting, Ind. According to a statement issued after the indictments were returned from the office of the United States district attorney these shipments were carried by the following roads: Chicago, Burlington & Quincy, Chicago & Alton, Chicago & Eastern Illinois, Evansville & Terre Haute, Illinois Central, Southern, and Lake Shore & Michigan Southern.

Tankley Cut of Jail. Bedford, Ind., Aug. 25.—Ernest Tankley, who was arrested at Evansville a few days ago, brought here and locked up a charge of wife desertion, was released on bond furnished by his mother and her friends. Tankley and his mother left for Heltonville, where the aged woman owns a small farm. Nothing further developed in the endeavor to connect Tankley with a more serious charge.

Java Killed Men and Mules. Roswell, N. M., Aug. 28.—Two men found near Kenna sitting upright in a wagon dead were identified as Victor and Thomas Simpson, brothers, who lived on farms near Lida. They were killed by lightning while driving from Roswell to their farms. Their four mules were killed also.
